INDEPENDENT AUDITOR'S REPORT

Board of Directors Euro Pacific Capital, Inc. Newport Beach, California

I have audited the accompanying statement of financial condition of Euro Pacific Capital, Inc., as of June 30, 2004 and related statements of income, cash flows and changes in stockholders' equity for the year then ended. These financial statements are the responsibility of the company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, such financial statements referred to above present fairly, in all material respects, the financial condition of Euro Pacific Capital, Inc. as of June 30, 2004 and the results of its operations, cash flows and changes in stockholders' equity for the year then ended in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the accompanying schedule on pages 8 and 9 are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

EURO PACIFIC CAPITAL, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2004

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Euro Pacific Capital, Inc. (the Company), a California corporation has been approved as a registered broker-dealer with the Securities and Exchange Commission under SEC Rule 15(b) and the National Association of Securities Dealers, Inc. The Company entered into an agreement with a clearing broker whereby the Company does not carry customer accounts. The Company introduces and forwards, as a broker, all transactions and accounts of customers to the clearing broker who carries such accounts on a fully disclosed basis. The Company does not hold funds or securities for or owe funds or securities to customers. As a result, the Company is exempt from certain provisions and requirements of the Securities and Exchange Commission.

<u>Revenue Recognition</u> - Commission revenue is recognized from the sale of customers' securities.

<u>Property</u>, <u>Equipment and Depreciation</u> - Property and equipment are carried at cost. Depreciation is calculated on the accelerated method over estimated economic lives.

<u>Translation of Foreign Currencies</u> - Assets denominated in foreign currencies are translated at year-end rates of exchange, while the income statement accounts are translated at rates of exchange existing at month's end. Gains or losses resulting from foreign currency transactions are included in net income.

<u>Statement of Cash Flows</u> - For purposes of statement of cash flows, the Company considers all highly liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents.

NOTE 2 - PROVISION FOR INCOME TAXES

The Company's fiscal year ends June 30, 2004. The provision for income taxes for the year consists of the following:

Federal	\$ 7,959
State	9,050
	\$17,009

EURO PACIFIC CAPITAL, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2004

NOTE 6 - COMMITMENTS AND CONTINGENCIES

The Company leases facilities in the County of Orange area under a long-term agreement expiring January 31, 2005. The annual rental commitments for years ending June 30, are as follows:

2005

\$37,538

NOTE 7 - USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

ELIZABETH CERTIFIED PUBLIC PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE OF OPERATING EXPENSES

Board of Directors Euro Pacific Capital, Inc. Newport Beach, California

My audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The attached schedule of operating expenses for the year ended June 30, 2004 is presented for purposes of additional information and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements as a whole.

EURO PACIFIC CAPITAL, INC.

INDEPENDENT ACCOUNTANT'S REPORT ON INTERNAL ACCOUNTING CONTROL

JUNE 30, 2004

ELIZABETH CERTIFIED PUBLIC PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

Board of Directors Euro Pacific Capital, Inc. Newport Beach, California

In planning and performing my audit of the financial statements of Euro Pacific Capital, Inc. (the "Company") for the year ended June 30, 2004, I considered its internal control structure in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements, and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practice and procedures (including tests of compliance with such practices and procedures) followed by Euro Pacific Capital, Inc. that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recording of differences required by Rule 17a-13; or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, or in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practice and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under the standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relationship to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the accounting system and control procedures that I consider to be material weaknesses as defined above. In addition, the Company, was in compliance with the exemptive provisions of Rule 15c3-3 as of June 30, 2004 and no facts came to my attention indicating that such conditions had not been complied with during the year then ended.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at June 30, 2004 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purpose.
